CARE OF THE ELDERS

Journey4youth cares for 8 elders and 1 total orphan with food baskets, medical and clean water.

In Kaswanga Village clean water is not available to the people there, wells have been unsuccessful as the ground water is salty and Lake Victoria is full of sickness and disease so we are installing rain water

harvesting tanks. Paskalia with her new rain water tank.

Esther's water tank is in the process of being finished. Upon installation it was decided that her roof was too rusty so they are moving it to

her son's home whose family will cook for her and bring her clean water each day.
